# JOINT FUNDING ADMINISTRATION

## Overview

The Joint Funding Administration (JFA) was created as a way to unify funding to the Area Development Districts (ADDs) from multiple sources (both state and federal). It originally included federal agencies such as the Economic Development Administration (EDA), Community Development Block Grant (CDBG), the Appalachian Regional Commission (ARC) and state agencies including the Department for Local Government (DLG), the Cabinet for Health and Family Services, and the Justice Cabinet. As the years passed, various agencies have dropped out of JFA. Current participants include DLG, EDA, and CDBG. The state match for federal ARC funds are included in the JFA, but the federal funds are not.

The Kentucky General Assembly allocates a set amount of money every biennium from the General Fund to the JFA, to be distributed by DLG. Similarly, from a federal point of view, the participating agencies allocate a set amount of money every year from their general funds to Kentucky, to be distributed by DLG via the JFA. Historically, DLG applies for this money from all federal agencies in the spring of the year. Upon approval of the federal grants, DLG submits quarterly requests for disbursement and then distributes the money each quarter to the ADDs.

DLG works with the federal agencies to minimize the amount of reporting due from the ADDs, supplying most of the requirements from the ADDs quarterly financial and process reports. Only the Comprehensive Economic Development Strategies (CEDs) are sent directly from the ADDs to the federal agency (EDA).

## **Memoranda of Agreement (MOA)**

Working together with the ADDs, DLG will develop standardized MOAs each year with attached Scope of Work (SOW) defining the services to be performed by each ADD and the dollar amount to be paid by DLG. The MOAs must be signed by both parties and are considered legally binding documents. Amendments to these agreements will be processed according to standard DLG amendment forms, and will become official upon the signature of an authorized representative of each party.

ADDs that are organized as a 501(c)3 entity must provide a copy of the IRS determination letter, as well as the signed and notarized Annual Required Affidavit for Bidders Offerors and Contractors, as required by the Commonwealth of Kentucky Finance Cabinet, at the time of MOA execution. The MOA cannot be processed without these documents.

A CD-511 (Certifications Regarding Drug-Free Workplace Requirements and Lobbying) is also required at the time of MOA execution.

## **JFA Funding FY 2022**

The 2021-2022 one-year budget (21RS HB 192) provides an appropriation of \$1,984,000 for the JFA program in each fiscal year. In Fiscal Year 2022, of that amount, \$1,236,000 is necessary for the required match of federal funds, which have different scopes of work for each federal funding source.

FY 2022 JFA Funds will be distributed as follows:

- Seventy percent (70%) is distributed equally among the ADDs.
- Twenty percent (20%) is distributed based on population, using the most recent Census data (2010), and as prescribed in the budget bill.
- Ten percent (10%) is distributed based on the number of jurisdictions in each ADD, as reported by the Kentucky Secretary of State's Land Office at the time of the allocation (as reported on May 19, 2021).

If this allocation of funds does not provide enough state funds for an ADD to meet its federal match requirements, DLG shall, upon the unanimous written direction of all ADDs, reduce the allocation based upon proportionate share of total incorporated cities and counties; and, instead, allocate those funds to provide additional nonfederal dollars to ADDs for the purpose of maximizing federal awards.

The total JFA funding allocation for FY 2022 is found on the following page.
