

Governor's Local Issues Conference

TEAM
KENTUCKY.

Building Better
Communities

August 25 – 27, 2021
The Galt House
Louisville, KY

The Safety of our staff and participants attending the 45th Annual Governor's Local Issues Conference is our top priority. Several items in the GLIC board's safety plan include requiring masks for all staff and participants, more spacing during sessions, and a faster conference check-in process. As noted earlier- there will be no onsite registration. Hand washing and several hand sanitizing stations will be throughout the hotel. The hotel will not offer housekeeping during your stay, only before and after.

We look forward to seeing all our officials again in a safe and informative environment.
