Narratives

Areas of Greatest Need:

- Housing This amendment to the action plan makes no changes to Kentucky's areas of greatest need.

Distribution and and Uses of Funds:

Administrative changes, including the following:

- Create new activity, NSP-LS-0000-DLG , with zero budget for recordation of program income generated by loan servicing activities for NSP-1 multi- and single-family projects. Loans are serviced by KHC under contract to DLG; KHC will remit program income to DLG monthly. For recordkeeping purposes, DLG prefers to record loan servicing receipts separately from program income generated by development activities.
- Creation (and cancellation) of a temporary activity Accounting Work-Around 1 to reclassify previously-drawn funds from The Housing Partnership's project over to another activity, in an effort to "bump" DRGR as recommended by the HelpDesk; the system was not counting a \$321,000 draw request that was processed through LOCCs as disbursed. Ultimately, HUD HQ directed this issue to its IT contractors, and the problem has since been resolved.
- Zeroing out the Eligible Use A/regular allocation for the City of Covington, and moving funds to their Eligible Use A/low income. Covington assisted one <50% AMI household under Eligible Use A; they had planned to serve one >50% household. The \$13,500 was

reclassified in the draw module to Covington's A/low income, and via this action plan change the funds on the budget side have also been moved. Pursuant to HUD guidance on Jan. 20, 2011, this activity will be further split in a subsequent action plan into two separate activities - 1 homeownership, and the existing activity will reflect only the 19 finance mechanism units that are rentals.

- Zero out all performance measures for cancelled activities.
- Adjust all performance measures to the anticipated performance reported by each subgrantee as of 12/17/10. Performance measures for the Russell County Fiscal Court project and the Community Action Council project continue to over-report and attempts to zero out by entering negative numbers have not been successful. Resolution is pending with the DRGR help desk. NOTE: Demolition activities are reported at one unit per activity regardless of actual number of properties/structures demolished, as all will be redeveloped; unit production performance measures are included in the redevelopment activity (i.e., "E" for new construction). Because DRGR requires a performance measure for each activity, Kentucky's proposed performance will be overstated by one unit per demolition activity.
- All activities for which program income has been expended have been reduced by the amount of program income expended, pursuant to HUD guidance on 1/25/11. DLG has modified its program income tracking/expenditure (non-DRGR) reports and discussed reconciliation requirements with the state auditor's office. DLG's revised HDS and Excel program income tracking spreadsheets are adequate. Prior to the activity adjustments, DLG had reconciled its financial management software, HDS, with DRGR on a weekly basis. With this required change, generating and aligning DRGR reports used in reconciliation will require an additional 2-3 hours time. Therefore, DLG will change its internal reconciliation schedule to bi-weekly. Budget changes will be made as needed on this schedule, and action plan amendments submitted to the HUD Louisville field office as needed.

DLG has reviewed and provided written approval for additional project funding for the following projects; modifications are in process:

- Housing Authority of Bowling Green, \$37,680.44. All funds obligated.
 - Federation of Appalachian Housing Enterprises, \$50,000. All funds obligated.
 - Community Action Council for Lexington-Fayette, Bourbon, Harrison and Nicholas Counties, \$62,250. All funds obligated.
- DLG had previously temporarily classified a portion of its administrative funds to public services for counseling expenses for households who did not purchase an NSP-assisted unit. Funds freed up by use of program income have been budgeted to this activity and the administrative funding reclassified back to admin (\$25,000).
- DLG has created a bucket activity (currently budgeted @ approximately \$185,000) for budgeting of NSP funds freed up by expenditure of program income; applications for these funds were solicited in June 2009 and have been reviewed, scored and ranked. Funds in the bucket activity are budgeted for two rental units to be produced by the Housing Authority of Bowling Green; the written agreement is pending.

Definitions and Descriptions:

Kentucky proposes to change its method of determining allowable developer fees by simplifying the calculation. Currently, developer fees are calculated as follows:

Development hard and soft costs, excluding acquisition of property, minus any delivery costs for reimbursement of staff time/fringe = basis for fee

Fee basis x .15% = allowable developer fee.

The formula above has resulted in significant, though unintentional, confusion for DLG's development partners. The distinction between development and holding costs can often be very gray (i.e., property insurance paid while the unit is being rehabbed vs. property insurance after rehab is complete and while the unit is being marketed; generally, property insurance is paid annually). Many questions have arisen as to how to delineate the amount of funds for costs that are incurred during both the development and holding phases, resulting in burdensome record-keeping for housing partners. Because the developer fee is included in the unit total development cost, it impacts the determination of the sale price for each NSP-assisted homeownership unit -- the sale price must be the lesser of the development cost (minus holding costs) and the post-rehab appraised value. This has resulted in the final price of the home being somewhat of a moving target as developers delineate between development, holding, and sales transaction costs.

To address this, DLG is revising its calculation of developer fee as follows:

Rehab: NSP-funded development cost (including acquisition) * 8% = maximum allowable developer fee.

New construction: NSP-funded development cost (including acquisition) * 10% = maximum allowable developer fee.

In making this policy change, DLG reviewed a sampling of unit set-up and completion reports for both rehabilitation and new construction activities undertaken by developers. For rehab, the proposed change will result in an increase in developer fee of less than one percent per \$1 million in development costs. For new construction, the developer fee will decrease less than one-half of one percent per \$1 million in development costs.

DLG also reviewed existing developer fee schedules used by Kentucky Housing Corporation for multiple funding sources, as well as the Federal Home Loan Bank of Cincinnati's Affordable Housing Program. NSP fees are within Kentucky industry standards.

Low Income Targeting:

No changes other than the addition of homeownership voucher holders to targeted populations.

Acquisition and Relocation:

No changes proposed.

Public Comment:

The changes comprise technical corrections to the existing program; all versions of the state's action plans are posted to DLG's website and are available for public review. This amendment to the action plan will be posted as well. Further, DLG will notify all NSP-1 grantees of the technical change to calculation of developer fee once the substantial amendment is approved by HUD.

Bucket activity created for NSP-1 funds originally budgeted to various activities that were replaced via program income expenditures. Associated activity budgets have been reduced by the amount of PI expended. This activity reflects the dollar amount of funds pending allocation to housing partners. DLG accepted applications for additional funding in July 2009, and has approved several agencies' requests. The total activity budget for this bucket activity is budgeted to two rental units for the Housing Authority of Bowling Green, but the activity itself has not been set up as the written agreement is in process.

Responsible Organization	Organization Type	Proposed
Louisville Metro	Unknown	\$ 1,068,750.00

Location Description:

Louisville/Jefferson County destabilized neighborhoods; Louisville Metro is in process of amending project to further define specific areas.

Activity Description:

Louisville Metro has identified 17 adjacent parcels, each with a multifamily rental development that is blighted and not suitable for occupancy. All properties are blighted and will be acquired and demolished. Of the 17, eight are foreclosed via deed in lieu and NSP investment will be via Eligible Use C, landbanking, and Eligible Use D, demolition. Redevelopment will be undertaken with non-NSP financing provided by Louisville Metro Government. The remainder of the properties will be redeveloped under Eligible Use E.

Upon completion of all acquisition/demolition of the 17 properties, the parcels will be replatted into 52 lots for single family home development. The foreclosed properties acquired under Eligible Use C represent 36.41% of the total anticipated acquisition cost. Therefore, 36.41% (19) of the 52 redeveloped units will be restricted to sale or rental to provide permanent housing for households with incomes at or below 50% of area median. No prorated funds are proposed to be classified within Eligible Use D for low-income set-aside activity as not all of the underlying property is foreclosed or abandoned.

Activity Description:

Activity reflects unexpended funds as of HUD policy change on property types eligible under the low-income set-aside. All six units produced under Henderson's Eligible use E and E/Low income will be rented to households with incomes at or below 50% of area median. At inception, the project began new construction of three duplex rental units on previously developed but now-vacant land, a property type ineligible under the set-aside. With the policy change by HUD, unexpended funds for this project could be counted under the set-aside; this activity was created for the unexpended balance. With regard to performance measures, of the six units, one will be reported under the original Eligible Use E (regular) and the remaining five will be reported under this activity.

Responsible Organization	Organization Type	Proposed
Lexington-Fayette urban County Government	Local Government	\$ 300,000.00

Location Description:
Targeted neighborhoods in Lexington, KY.

Activity Description:
Lexington-Fayette Urban County Government originally proposed only landbanking under Eligible Use C, which is restricted to foreclosed residential property; the agency further restricted its program to foreclosed properties with blighted structures. After funding approval, changes in the local housing market included out-of-town and other investors purchasing foreclosed properties at master commissioner sale, leaving few or no eligible properties under LFUCG's original program design. At the time, HUD rules required properties to be foreclosed upon which, in Kentucky, would be after the conclusion of the master commissioner sale; investors purchasing properties resulted in the properties being considered no longer foreclosed upon. LFUCG requested, and DLG approved, a program design change to enable LFUCG to purchase vacant and/or blighted properties under Eligible Use E, demolish blighted structures, and work with local for-profit and non-profit developers to newly construct single family homes on the NSP-assisted properties. LFUCG will use its HOME and CDBG funds for redevelopment.

Location Description:
Louisville/Jefferson County destabilized neighborhoods; Louisville Metro is in process of amending project to further define specific areas.

Activity Description:
Louisville Metro will acquire 17 foreclosed, blighted and/or vacant multifamily rental properties in the Shagbark/Shanks neighborhood in Louisville; parcels are adjacent. NSP funds will be used for acquisition, relocation, demolition and site prep. Upon completion of demolition, the property will be replatted into 52 single family dwelling lots for redevelopment as a mixed-income rental and homeownership neighborhood. The funds within this eligible use are based on the estimated acquisition cost of vacant/demolished property and prorata demolition/site prep cost.
