INTRODUCTORY SECTION

November 20, 2015

To the Citizens Served by Sanitation District No. 1 (SD1) and to SD1's Board of Directors:

SD1 and its Finance Department are pleased to submit the Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2015. This report follows guidelines set forth by the Government Accounting Standards Board and Generally Accepted Accounting Principles (GAAP).

This report consists of management's representations concerning the finances of SD1. Responsibility for the completeness and reliability of the information presented rests with SD1 Management. SD1 has worked to establish an internal control framework that provides a reasonable basis for asserting that the financial statements are fairly presented. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

SD1's financial statements have been audited by Van Gorder, Walker & Co., Inc, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that SD1's financial statements for the fiscal year ended June 30, 2015 are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, there was a reasonable basis for issuing an unmodified ("clean") opinion that SD1's financial statements for the fiscal year ended June 30, 2015 are fairly presented in conformity with GAAP. The independent auditor's report is presented at the front of the financial section of this report.

SD1 Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview and analysis of the basic financial statements. This letter of transmittal is intended to complement the discussion and analysis and should be read in conjunction with it.

Profile of SD1

SD1 is responsible for the collection and treatment of Northern Kentucky's wastewater, as well as regional storm water management. SD1 is the second largest public sewer utility in Kentucky, serving more than 291,000 residents throughout Boone, Campbell and Kenton Counties.

SD1 maintains approximately 1,600 miles of sanitary sewer line, 135 wastewater pumping stations, 15 flood pump stations, eight package treatment plants, three major wastewater treatment plants, nearly 450 miles of storm sewer pipe and 32,500 storm sewer structures.

In Fiscal Year 2015, SD1 served a sanitary sewer customer base of 103,572 accounts and a storm water customer base of 94,201 accounts. SD1's sanitary sewer customer base has experienced a 0.604 percent average annual growth rate over the past five years, while SD1's storm water customer base has experienced a 0.067 percent average annual growth rate over the past five years with the City of Cold Spring opting out of SD1's Regional Management Storm Water Program during 2013.

SD1 is governed by a citizen Board of Directors, consisting of eight members that serve four-year staggered terms. County representation is based on the populations of the three counties SD1 serves. Four Board members are appointed by the Kenton County Judge Executive with the Kenton County Fiscal Courts approval, as Kenton County is the most populous county in SD1's service area. Two are appointed by the Campbell County Judge Executive with the Campbell County Fiscal Courts approval, and two are appointed by the Boone County Judge Executive with the Boone County Fiscal Courts approval. SD1's Board was given the full power and authority granted by Kentucky State Statute Chapter 220 and other applicable laws in administering, controlling and managing the affairs of SD1, including the budgeting process. The Board and County Judges Executive, who appoint the members, are required to review and give final approval of SD1's operating and capital budgets by July 1 of the year to which they apply.

Factors Affecting Financial Conditions

Local Economy

SD1 is located in Northern Kentucky, across the Ohio River from the City of Cincinnati, and is classified as belonging to the Cincinnati Metropolitan Statistical Area (MSA). Per the U.S. 2014 Census estimates, Northern Kentucky's population was 382,175. SD1 derives strength from the area's diverse economic base of manufacturing, entertainment, retail and commercial facilities. The local economy also benefits from its proximity to Cincinnati and includes the Greater Cincinnati International Airport.

According to the Northern Kentucky Tri-County Economic Development Corporation, Northern Kentucky as part of the Cincinnati MSA continues to demonstrate its standing as an economically strong region-within-a-region. Northern Kentucky is on pace with

other metropolitan areas of similar size. Job growth and increase project activity are signs of improvement that reflect a thriving economy and positive outlook in the future.

The Cincinnati MSA unemployment rate is expected to continue on a declining trend as has been seen in the past 5 years. At the end of June 2015 the unemployment rate was just under 5 percent compared to high of 9.9 percent in June 2010. The regional unemployment rate continues to be lower than the national average rate of 5.5 percent.

In Northern Kentucky, the housing market continues on a slow but upward trend. Home sales and prices continue showing signs of improvement, although price appreciation has been slow to return to pre-recession levels. The housing market continues to face challenges such as tight lending conditions and increased government regulations.

Long Term Financial Planning

Many factors affect the funding and management of our wastewater and storm water utility, the most prominent of which are SD1's federal mandate to reduce wastewater pollution of the region's waterways and SD1's regional storm water management program.

In 2007, SD1 entered into an agreement, or Consent Decree, with the U.S. EPA and the Kentucky Energy and Environment Cabinet, taking action to reduce water pollution in Northern Kentucky's creeks and streams. The Clean Water Act's regulations affect SD1, because like many wastewater collection systems in the country, SD1 has portions of the collection system that overflow during peak flow periods. During a heavy storm, these pipes can become overloaded and overflow, releasing sewage in the adjoining area. An estimated \$1.3 billion investment, estimated in 2016 dollars is required to address these overflows.

Other cities and utilities have entered into consent decrees like SD1, but SD1's Consent Decree is somewhat unique. It is a comprehensive watershed approach that focuses on improving public health and regional water quality by addressing other sources of water pollution in addition to reducing sewer overflows. This approach allows SD1 to develop efficient and cost-effective solutions that consider the source of the problem in an area and implement solutions specific to the cause and location. SD1 is also able to prioritize the solutions so that those fixes which have the greatest improvement on water quality at lower costs are addressed first.

Because the 2025 deadline for SD1's Consent Decree places a major financial burden on the community, SD1 is currently working with state and federal officials to renegotiate and extend the deadline to make the program more affordable to ratepayers.

SD1 has developed a long-term service plan for the Northern Kentucky Regional Storm Water Program. This long-term service plan sets the course for the Regional Storm Water Program over the next ten or more years and will aid SD1 in meeting the storm

water management needs and customer expectations of our community. In developing this long-term service plan, SD1 evaluated various storm water related program initiatives revolving around the extent and level of service to be provided to the community, the repair and replacement of our storm water assets, as well as the current storm water billing methodology and the impact of storm water on the implementation of SD1's Consent Decree.

Relevant Financial Policies

In April 1998, SD1's Board of Directors established and approved a trust indenture to assure a strong financial position and to protect SD1's revenue bond rating during periods of fiscal stress. The trust indenture requires SD1 to maintain a rate covenant such that net revenues will cover annual bond debt service of at least 1.25 times; a debt service reserve fund requirement equivalent to maximum annual debt service that is fully cash funded; an Operation and Maintenance fund requirement equivalent to three months of operating expenses; and a self-insurance fund requirement of maintaining a minimum of \$5 million for the payment of liability claims against SD1.

At fiscal year end, SD1 had total debt outstanding of \$510,676,008. Outstanding bonds of SD1 are rated Aa2 by Moody's and AA/Stable by Standard & Poor's rating agencies. For fiscal year ended June 30, 2015, net revenues covered debt service on both revenue bonds and Kentucky Infrastructure Authority (KIA) notes by 1.44 times. Unrestricted cash was at a level representing at least 351 days' cash which equated to \$38.7 million.

Cash temporarily idle during the year was invested in insured certificates of deposit, repurchase agreements and obligations of the U.S. Treasury. SD1's investment policy is to minimize credit and market risk, while maintaining a competitive yield on its portfolio. Accordingly, deposits were either insured by federal depository insurance or collateralized.

Major Initiatives

In order to provide reliable wastewater and storm water services at an affordable rate to our customers, SD1 has continued to work on strategic business plan projects that address issues of strategic importance to the entire region. Our commitment to this plan ensures all members of SD1's staff are working toward protecting public health, property and the environment while supporting the economic vitality of the community.

Some major initiatives that are currently underway and align with the goals outlined in our strategic business plan include the development of an enterprise capital management plan, the implementation of a catch basin functionality program, an increase in our customer bill payment options and the advancement of an infrastructure risk assessment program.

Enterprise Capital Management Plan

SD1 undertakes capital projects to ensure that we have adequate and reliable facilities and infrastructure needed to convey, manage and clean wastewater and storm water for our customers and community. Because considerable resources are committed to capital projects each year, The Capital and Infrastructure Planning Department is developing an Enterprise Capital Program Management Plan. This plan will act as a map that outlines strong processes and appropriate controls critical to ensure the most effective use of these resources. It also will outline technology improvements, testing and training needed to run our complex and dynamic capital improvement projects. The plan will align an organized set of process controls that allow SD1 employees and stakeholders to make informed choices throughout each phase of a capital project. This will result in projects being completed one time, within budget and desired performance results that have a positive impact to our customers and community.

Catch Basin Functionality Program

SD1 and municipalities often work together to solve the storm water puzzle to reduce the risk of flooding, erosion and pollution in the community. To help strengthen our partnerships with municipalities, and to see a reduction in the amount of trouble calls received during heavy rain events, SD1 developed a catch basin functionality assessment program that builds on inspections we already perform below catch basin grates – the only area for which SD1 is responsible. Through this program we now also inspect the portion of a catch basin that is above the grate – the area of the catch basin for which individual municipalities are responsible. As a cost-saving measure, we now compile these findings into individualized reports for the communities we serve so they can better prioritize and improve the performance of their catch basins in order to reduce the potential for neighborhood flooding and the time we need to spend responding.

Customer Bill Payment Options

Customers expect the convenience of interactive technologies to pay their bills. To meet this need, the Customer Contact Center is working to increase its bill payment options and enhance our customers' overall experience. New payment choices will offer convenient, around-the-clock options, including web and mobile payments. Adding these options will reduce the call volume for our agents, reduce wait time for customers and lead to an increase in prompt payments.

Infrastructure Risk Assessment Program

Important decisions are made every day that has a direct impact on how we operate as a utility, especially when working with our aging infrastructure, including pipes, pump stations and information technology servers. In making these decisions, SD1 employees must consciously evaluate and prioritize the organization's infrastructure needs. We are developing the infrastructure risk assessment program to help us make better business

decisions that look at both the risks and benefits to our infrastructure rehabilitation needs and effectively distribute our limited resources to these projects.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to SD1 for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2014. This was the second consecutive year SD1 has received this prestigious award. In order to be awarded a Certificate of Achievement, SD1 published an easily readable and efficiently organized comprehensive annual financial report. The report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report would not have been possible without the efficient and dedicated services of all SD1 departments and staff. We would like to express our appreciation to all who assisted and contributed to the preparation of this report.

Independent Auditor's Report

To the Board of Directors
Sanitation District No. 1

Report on the Financial Statements

We have audited the accompanying financial statements of the business type activities of Sanitation District No. 1 (SD1), as of and for the years ended June 30, 2015 and 2014, and the related notes to the financial statements, which collectively comprise SD1's basic financial statements as listed in the table of contents.

-Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

-Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

-Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Sanitation District No. 1 as of June 30, 2015 and 2014 and the respective changes in financial position and cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America

This Page Intentionally Left Blank

-Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the *Management's Discussion and Analysis* and the Multiple Employer, Cost Sharing Defined Benefit plan disclosure, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Sanitation District No. 1's financial statements as a whole. The Introductory Section, the *Budgetary Comparison Schedules – Budget to Actual*, and the Statistical Section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements of the Sanitation District No. 1. The Introductory Section, the *Budgetary Comparison Schedules – Budget to Actual*, the Statistical Section, and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 20, 2015 on our consideration of Sanitation District No. 1's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Sanitation District No. 1's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS For the Years Ended June 30, 2015 And 2014

Following is a narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2015. The information below should be considered in conjunction with additional information that was furnished in the letter of transmittal and basic financial statements included in this report.

Financial Highlights

- SD1's total net position increased by \$3.0 million to \$739.7 million.
- Noncurrent liabilities increased as SD1 implemented Government Accounting Standards Board GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* ("GASB 68") in fiscal year 2015, resulting in recognizing \$20.7 million for SD1's net pension liability as a prior period adjustment. This statement became effective for fiscal years beginning after June 15, 2014.
- Net investment in capital assets increased by \$1.1 million to \$616.7 million
- Unrestricted net position increased by \$5.3 million to \$37.9 million.
- Operating revenues increased by \$1.8 million to \$94.5 million.
- Operating expenses excluding depreciation increased by \$2.7 million to \$40.3 million.
- SD1's total outstanding debt decreased by \$17.2 million or 3.26%.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to SD1's basic financial statements. SD1's basic financial statements are the Balance Sheet, the Statement of Revenues, Expenses and Changes in Net Position, the Statement of Cash Flows and the accompany notes to the financial statements.

The Balance Sheet presents information on all SD1's assets and liabilities with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of SD1 is improving or deteriorating.

The Statement of Revenues, Expenses and Changes in Net Position presents information showing how SD1's net position changed during the most recent fiscal year. SD1 is intended to be entirely or predominately self-supported from user fees. Revenues are reported when earned and expenses are reported when incurred.

The Statement of Cash Flows provides information relating to SD1's cash receipts and disbursements during the fiscal year. This statement summarizes net changes in cash resulting from operating, investing and financing activities.

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in SD1's basic financial statements. The notes to the financial statements can be found on pages 30 to 49 of this report.

In addition to the basic financial statements and accompanying notes, this report also presents other supplementary information concerning budgetary comparisons. Other supplementary information can be found on pages 52 to 71 of this report.

Financial Analysis of SD1's Financial Position and Results of Operation

Table 1 provides a summary of SD1's net position at June 30, 2015, 2014 and 2013.

Table 1 – Net Position

		June 30,	
	2015	2014	2013
Current Assets	\$ 72,226,257	\$ 86,467,260	\$ 80,783,249
Noncurrent Restricted Assets	84,756,917	83,424,890	82,613,373
Capital Assets, Net	1,127,665,409	1,144,258,426	1,161,235,978
Total Assets	1,284,648,583	1,314,150,576	1,324,632,600
Deferred Outflow of Resources	4,767,197	5,351,973	3,458,564
Current Liabilities	35,315,013	48,631,602	49,816,507
Noncurrent Liabilities	512,366,490	534,134,323	524,933,793
Total Liabilities	547,681,503	582,765,925	574,750,300
Deferred Inflow of Resources	2,045,032	-	-
Net Position			
Net investment in capital assets	616,736,635	615,611,908	617,863,936
Restricted for:			
Debt service funds, net of current liabilities	42,525,692	41,238,145	44,459,698
Operations, infrastructure & insurance reserves	34,427,560	34,202,584	33,582,825
Capital improvement/programs	5,731,504	10,657,785	17,739,540
Other purposes	2,413,032	2,499,433	2,163,995
Unrestricted	37,854,822	32,526,769	37,530,870
Total Net Position	\$ 739,689,245	\$ 736,736,624	\$ 753,340,864

Total assets decreased by \$29.5 million in 2015 and \$10.5 million in 2014. This decrease for both years can be attributed primarily to accumulated depreciation on existing assets increasing more than the amount being invested in new capital improvement projects each year. In addition, in 2015 the interfund balances between the sanitation and storm water funds were eliminated which resulted in a \$14.3 million reduction in current assets and current liabilities accordingly.

Total liabilities decreased by \$35.1 million in 2015. \$18.2 million of this decrease was a result of not issuing any new bonds and continuing to pay on the existing debt. The remaining portion of the decrease is primarily a result of the interfund balances being eliminated between the two funds as stated above. During fiscal year 2014 there was an increase of \$8.0 million which was primarily due to the implementation of GASB 68 resulting in recognizing \$20.7 million as SD1's net pension liability while at the same time reducing bonds payable by \$11.8 million since no new debt was issued and existing debt was being paid down.

Deferred inflow of resources increased \$2.0 million due to the implementation of GASB 68 resulting in various pension-related transactions.

Total net position increased \$3.0 million in fiscal year 2015 and decreased \$13.7 million since fiscal year 2013. The largest portion of SD1's net position \$616.7 million or 83.3% in the current fiscal year reflects its investment in capital assets such as land, buildings, treatment facilities, and collection systems, less any related debt still outstanding used to acquire those assets. SD1 uses these capital

assets to provide services to its customers; consequently, these assets are not available for future spending. Although SD1's investment in its capital assets is reported net of debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of SD1's net position is considered to be restricted. This amount represents resources that are subject to external restrictions on how they may be used. The restricted net position decreased 3.95% from fiscal year 2014 and 9.94% since fiscal year 2013 which was primarily a result of bond proceeds being spent on capital projects. The remaining balance represents unrestricted net position and may be used to meet SD1's ongoing obligations to customers and creditors. Unrestricted net position increased 16.38% at the end of 2015 and decreased 13.33% at the end of 2014. The majority of the decrease is associated with the implementation of GASB 68 resulting in recognizing SD1's net pension liability as a prior period adjustment in 2014.

Table 2 shows the changes in net position for 2015, as well as the revenue and expense comparisons to 2014 and 2013.

Table 2 – Changes in Net Position

	For the Years Ended June 30,		
	2015	2014	2013
Operating Revenues:			
Sewer service charges	\$ 76,583,543	\$ 74,221,151	\$ 73,562,515
Storm water charges	12,405,055	11,899,106	11,751,183
Permits and tap-in fees	3,117,162	3,173,486	2,340,792

In fiscal year 2015, SD1's total operating revenues increased \$1.8 million or 1.94% over the previous year. Sanitary and Storm water revenues increased \$2.9 million which was a result of a 5% rate increase to sanitary sewer and storm water fees that became effective July 1, 2014. Project reimbursement experienced a \$1.4 million decrease due to a one-time Kentucky Infrastructure reimbursement grant received in the prior fiscal year. In fiscal year 2014, SD1's operating revenues increased 3.29% over the previous year which was primarily a result of increases in industrial surcharges, number of capacity connection fees and the one-time grant received for \$1.4 million.

In fiscal year 2015, Operating expenses, excluding depreciation and major repairs and other expenses, increased by \$2.5 million or 7.00%. The following contributed to the change in operating expenses:

- Employee medical and dental benefits increased \$1.1 million due to an increase number of high cost claimants.
- General liability insurance and deductibles increased \$0.3 million due to a 30% rate increase across all policies to maintain current level of coverages and an increase in the number of lawsuits and liability claims.
- Professional and contractual services increased \$0.8 million due to an increase in the utilization of external contractors and the utilization of outside legal services while a search was being conducted to find an in-house general counsel replacement.
- Chemicals increased approximately \$0.6 million which was offset by a decrease of \$0.4 million in gas & electric utility cost in operating the pumps and treatment plants.

In fiscal year 2014, Operating expenses, excluding depreciation and major repairs and other expenses, decreased by \$0.2 million or 0.52% over fiscal year 2013.

The Major repairs and other expense line item consist of projects which are reclassified out of Construction in Progress (CIP) and expensed. In fiscal year 2015, Major repairs and other expenses were \$1.4 million compared to \$1.3 million in fiscal year 2014 and \$4.5 million in fiscal year 2013. SD1 management has made a concerted effort to better classify asset repair expenses at the time they are incurred in order to reduce the amount of funds that need to be set aside for reclassification of project expenses as the end of the fiscal year.

Non-operating income increased almost \$1 million in fiscal year 2015 which was primarily due to a \$0.7 million decrease in losses on disposal of assets and a \$0.3 million increase in the net effect of change in SD1's share of the pension expenses reported in accordance with GASB 68. In fiscal year 2014, non-operating income increased \$1 million which was due to a \$0.7 million decrease in losses on disposal of assets and a \$0.6 million net increase in the fair market value of investments, offset by a \$0.3 decrease in interest income.

Interest and other charges decreased approximately \$0.2 million in fiscal year 2015 and increased \$1.5 million in 2014. Although, both years had an increase in interest expense due to new Kentucky Infrastructure notes being added, there was less of a reduction for capitalizing interest in 2015 due to a decline in bond financed capital projects being constructed.

Capital contributions increased \$0.9 million in fiscal year 2015 and decreased \$10.5 million in fiscal year 2014. The significant decrease was due to \$12.4 million of storm water assets being contributed from the City of Fort Wright in fiscal year 2013.

Capital Assets

As of June 30, 2015, total capital assets had increased by \$23.3 million or 1.56% over fiscal year 2014. Collection system improvements contained the majority of the increase with \$16.1 million; \$8.5 million for rehab and replacement of sanitary lines and \$7.6 million for rehab and replacement of storm water lines. Pumping station infrastructure and equipment improvements increased \$1.2 million and treatment and disposal plant and equipment increased approximately \$1.0 million. Construction in progress increased \$4.5 million as on-going projects were being constructed and readied for use.

In fiscal year 2014, total capital assets increased by \$19.2 million or 1.30% over fiscal year 2013. Treatment and disposal plant and equipment contained the majority of the increase with \$25.2 million. The majority of this increase was a result of the completion of the Dry Creek Headworks and Hydraulics facility. Collection system improvements increased \$18.2 million; \$12.8 for rehab and replacement of sanitary lines and \$5.4 million for rehab and replacement of storm lines. Pumping station infrastructure and equipment improvements accounted for \$8.3 million and general plant and equipment accounted for \$1.1 million. Construction in Progress decreased \$33.8 million as constructed assets were placed into service.

These assets are summarized in table 3 below.

Table 3 – Capital Assets, Net of Depreciation

Additional information on SD1's capital assets can be found in Note 2 - Capital Assets on pages 34 to 36 of this report.

Debt and Capital Asset Administration

SD1 ended fiscal year 2015 with \$510.7 million in outstanding bonds and notes compared to \$527.9 million in 2014 and \$538.7 million in 2013. This represents a decrease of 3.26% in 2015 and 2.01% in 2014 as shown in Table 4. SD1 has not added additional bonds since early 2011, but has added \$1.6 million to the notes payable in 2015 and \$6.9 million in 2014 as funds were drawn from the Kentucky Infrastructure Authority (KIA) Revolving Loan Fund. These funds were utilized to help fund the necessary capital improvement projects.

Table 4 summarizes SD1 outstanding debt at June 30, 2015, 2014 and 2013.

Table 4 – Debt Summary

	2015	June 30, 2014	2013
Bonds Payable Obligations (Backed by User Fee Revenues)	\$ 362,715,000	\$ 374,485,000	\$ 385,915,000
Notes Payable (Backed by User Fee Revenues)	147,961,008	153,411,373	152,798,765
Totals	<u>\$ 510,676,008</u>	<u>\$ 527,896,373</u>	<u>\$ 538,713,765</u>

Additional information on SD1's long- term debt can be found in Note 4 – Bonds Payable and Note 5 – Notes Payable on pages 37 to 42 of this report.

Economic Factor's and Next Year's Budget

In June 2015, SD1's Board of Directors and the Judges Executive of Boone, Campbell and Kenton counties approved the fiscal year 2016 Operating & Maintenance (O&M) and Capital budgets. The 2016 O&M budget was approved for \$39.9 million which reflects a 5.38% decrease compared to the 2015 budget. The 2016 Capital budget was approved for funding \$73.5 million in projects which reflects a 12.77% increase over the 2015 Capital budget.

The revenue budget calls for a zero percent rate increase to sanitary sewer and storm water rates in fiscal year 2016. Although total 2016 operating revenues are estimated to be \$0.9 million more than the previous year's actual revenues, the majority of the increase is attributed to one-time project reimbursements from KYTC and CDBG funds.

In preparing the 2016 operating budget, the key focus was to continue reducing expenditures by improving operations and systems to provide for better efficiencies and capitalizing on the results of current initiatives such as development of an enterprise capital management plan, the implementation of a catch basin functionality program, an increase in customer bill payment options, and the advancement of an infrastructure risk assessment program. In addition, the 2016 budget assumes minimizing the number of full time staffing levels. Long term staffing levels will continue to be reviewed and based upon strategic goals and evaluating the use of external contractors; future staffing levels will be determined and prioritized to best meet the needs of SD1.

The Capital budget approved in 2016 is for funding a total of \$73.5 million in capital projects, programs and capital asset purchases. The greatest portion of the budget is dedicated to the completion of 29 sanitary and storm water projects started in prior fiscal years, which represent \$53.5 million of the funding set aside. Also included is \$2.9 million of funding to address connection restrictions and

sanitary sewer overflows in western Boone County. In addition, \$0.5 million of funding is set aside to complete a study that is necessary to address sanitary improvements in the Hebron area also within Boone County. A total of \$15.6 million of funding was set aside for sanitary and storm water asset maintenance projects to be identified during the current fiscal year. Lastly, there is just under \$1 million approved for capital asset purchases such as vehicle replacements, software and hardware purchases, and equipment replacements at SD1's main facility, treatment plants and pump stations.

SD1 issued \$60.5 million in Recovery Zone Economic Development Bonds and Build America Bonds early in fiscal year 2011 to help meet the capital budget requirements. At the end of fiscal year 2015, there was a balance remaining of \$4.8 million of bond funds, \$27.3 million to draw from the Commonwealth of Kentucky's Revolving Loan Funds, and \$3.2 million of grant/county/KYTC funds to be used for capital projects in FY16. SD1 is not anticipating issuing any new revenue bonds in this fiscal year. The remaining funds needed for funding the capital projects and programs will be provided from cash reserves and net revenues.

Contacting SD1's Financial Management

This report is designed to provide our customers and creditors with a general overview of SD1's finances and to show SD1's accountability for the money it receives. If you have questions about this report or need additional information, contact SD1's Administrative Office at 1045 Eaton Drive, Fort Wright, KY 41017 or e-mail info@sd1.org.

SANITATION DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2015 and 2014

NOTE 1 – REPORTING ENTITY

Sanitation District No. 1 (SD1) was created in 1946, pursuant to authority of Chapter 220 of the Kentucky Revised Statutes, as amended (the “Act”). In accordance with the Act, SD1 was established by the Director of the Division of Sanitary Engineering of the Kentucky Department of Health on December 4, 1946. A corporate charter was issued to SD1 by the Secretary of State of Kentucky on December 27, 1946, giving SD1 power to prevent and correct the pollution of streams, to regulate the flow of streams for sanitary purposes, to clean and improve stream channels for sanitary purposes and to provide for the collection and disposal of sewerage and other liquid wastes produced within SD1. SD1 has power under the Act to construct sewers, trunk sewers, laterals, intercepting sewers, siphons, pumping stations, treatment and disposal works and other appropriate facilities, and to maintain, operate and repair the same.

In June, 2003, the Board approved the establishment of the Storm Water Program to develop and implement plans for the collection and disposal of storm drainage and for effective programs and policies that preserve or enhance the quality of storm water run-off, and to reduce erosion and prevent flooding.

SD1 is governed and operated by a Board of Directors, consisting of eight Directors, who serve for four-year staggered terms, and such Directors may be reappointed. Directors are appointed by the County Judges of Kenton, Boone, and Campbell Counties.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of certain significant accounting policies followed in the preparation of these financial statements.

Basis of Accounting

SD1's financial statements are presented on the full accrual basis in accordance with accounting principles generally accepted in the United States of America. SD1 has adopted GASB Statements 66 through 71, and related interpretations issued through June 30, 2015.

Statement No. 71 – Pension Transition for Contributions Made Subsequent to the Measurement Date – This statement amended GASB 68 and requires contributions made subsequent to the measurement date be considered as deferred outflows of resources.

Statement No. 70 – Accounting and Financial Reporting for Nonexchange Financial Guarantees – This statement is not currently applicable to SD1.

Statement No. 69 – Government Combinations and Disposals of Government Operations – This statement is not currently applicable to SD1.

Statement No. 68 – Accounting and Financial Reporting for Pensions; an amendment of GASB Statement No. 27 – Requires SD1 to report their representative share of the unfunded pension liability of the Kentucky County Employee Retirement System (CERS) on SD1's Balance Sheet. This statement will be in effect for fiscal periods beginning after June 15, 2014.

Statement No. 67 – Financial Reporting for Pension Plans; an amendment of GASB Statement No. 25 – This statement is not currently applicable to SD1

SANITATION DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2015 and 2014

Statement No. 66 – *Technical Corrections – 2012; an amendment of GASB Statements no. 10 and 62* – This statement improves accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statements No. 54 and No. 62.

All activities of SD1 are accounted for within a single proprietary (enterprise) reporting entity. Proprietary entities are used to account for operations that are (a) financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost (expense, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The accounting and financial reporting treatment applied to SD1 is determined by its measurement focus. The transactions of SD1 are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the balance sheet. Net assets (i.e., total assets net of total liabilities) are segregated into “net investment in capital assets”; “restricted”; and “unrestricted” components. The basic financial statements are presented in conformity with generally accepted Enterprise Fund accounting principles as applicable to public waste water utilities. The following is a summary of the significant policies. As previously stated, the accompanying financial statements are prepared on the accrual basis of accounting.

Fund Structure

Sanitation District No. 1 has established the following two funds for the purpose of segregating the two primary purposes of SD1 into discernible self-balancing accounts:

1. Sanitation Fund
2. Storm Water Fund

Sanitation Fund

The Sanitation Fund accounts for financial resources used for general types of operations and expenditures for operation and maintenance of the following budgeted expense areas:

1. Dry Creek Treatment Plant
2. Eastern Regional Waste Water Reclamation Facility
3. Western Regional Waste Water Reclamation Facility
4. Collection System
5. Pump Stations
6. Operations
7. Engineering
8. Administration

The Sanitation Fund collects user fees from customers for the collection, transmittal, treatment and disposal of sewage wastewater. This fund also tracks the related expenditures to operate, maintain, and grow this system, as well as the costs associated with monitoring and regulatory compliance.

SANITATION DISTRICT NO. 1 NOTES TO THE FINANCIAL STATEMENTS June 30, 2015 and 2014

Storm Water Fund

The storm water program was established to develop and implement plans for the collection and disposal of storm drainage and for effective programs and policies that preserve or enhance the quality of storm water runoff, control the quantity of storm water runoff, and to reduce erosion and prevent flooding. The federal government requires communities to apply for a storm water discharge permit and develop a storm water management program. The accounting for the fund was approved by the Board of Directors in June 2003.

The regulation is known as the National Pollutant Discharge Elimination System (NPDES) and it is administered by the US Environmental Protection Agency (US EPA). In the State of Kentucky, it is known as the Kentucky Pollutant Discharge Elimination System (KPDES), and the Kentucky Division of Water administers it on a statewide level. Local governments are issued KPDES Storm Water Discharge Permits and administer the program at a local level. Virtually all Northern Kentucky communities are required to comply with these unfunded storm water regulations, and SD1 has assisted them with the development of a cooperative storm water management program for the region under Inter-Local Agreements with the local governments. SD1 is also a co-permittee on the KPDES permit.

The storm water surcharge is a service fee that funds the Storm Water Management Program administered by SD1. The fee applies to all improved properties, with the exception of the properties classified as agricultural by the respective county Property Valuation Administrators, and public roadways in the storm water service area of SD1 established by the Kentucky Division of Water. The basic storm water surcharge fee shall be based upon impervious area rate methodology.

Use of Estimates

The process of preparing financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, designated fund balances, and disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation of the current year financial statements.

Cash and Cash Equivalents

SD1 considers all highly liquid unrestricted debt instruments purchased with original maturities of 90 days or less to be cash equivalents. For purposes of the cash flow statement, cash includes cash on hand, cash in checking accounts and cash in investment sweep accounts.

SD1 is authorized by bond resolutions to invest in direct obligations of the United States, or obligations guaranteed by the United States, obligations of certain federal agencies and instrumentalities, including U.S. dollar-denominated deposits in commercial banks which are insured by the Federal Deposit Insurance Corporation (FDIC) or fully collateralized by the foregoing, and public housing bonds or project notes issued by public housing authorities annual contribution contracts with the United States or by requisition or payment agreement with the United States.

SANITATION DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2015 and 2014

SD1 had no non-cash investing activities during 2015 or 2014.

The following is a supplemental disclosure of cash flow information:

Cash Paid For Interest During the Year	June 30, 2015	June 30, 2014
Expensed	\$ 20,658,530	\$ 20,828,408
Capitalized	184,695	509,794
Total	\$ 20,843,225	\$ 21,338,202

Investment Policy

General Policy

It is the policy of SD1 to invest public funds in a manner that will provide the highest investment return with the maximum security of principal while meeting the daily cash flow demands of SD1 and conforming to all state statutes and SD1 regulations governing the investments of public funds.

Authorized Investment Instruments

1. Obligations of the United States and of its agencies and instrumentalities, including obligations subject to repurchase agreements, provided that delivery of these obligations subject to repurchase agreements is taken either directly or through an authorized custodian.
2. Obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States or a United States government agency.
3. Obligations of any corporation of the United States government agency.
4. Certificates of deposit issued by, or other interest-bearing accounts of, any bank savings and loan institution which are insured by the Federal Deposit Insurance Corporation or similar entity or which are collateralized, to the extent uninsured, by any obligations permitted by Section 41.240(4) of the Kentucky Revised Statutes.

Deposits and Investments

Custodial Credit Risk – Deposits For deposits, this is the risk that in the event of a bank failure, SD1's deposits may not be returned. SD1 maintains deposits with financial institutions insured by the Federal Deposit Insurance Corporation (FDIC). As allowed by law, the depository bank should pledge securities along with FDIC insurance at least equal to the amount on deposit at all times. As of June 30, 2015 and 2014, the SD1's deposits were entirely insured and/or collateralized with securities held by the financial institutions on the SD1's behalf and the FDIC insurance.

Custodial Credit Risk – Investments This is investment risk that, in the event of the failure of the counterparty, SD1 will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. SD1 had custodial credit risk at June 30, 2015 and 2014 of \$84,756,917 and \$83,424,890 respectively. The related securities totaling this amount are uninsured, unregistered securities held by the counterparty, or its trust department or agent but not in the entity's name.

Credit Risk – Investments SD1's investments are subject to minimal credit risk because they are invested in Federal Agency securities which are generally considered free of default risk due to the perceived stability of the U.S. Government.

SANITATION DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2015 and 2014

Accounts Receivable - Customers

During 2009, SD1 changed to a monthly billing procedure, replacing a quarterly cycled procedure. When meter readings are delayed, bills are rendered based on estimated meter readings to promote consistency of sewer service revenue. Accounts receivable and related sewer service revenue are recorded when billed. The financial statements include an estimate for unbilled sewer and storm water charges of \$9,800,840 and \$9,344,329 as of June 30, 2015 and 2014, respectively.

Accounts receivable are stated at their contractual outstanding balances, net of any allowance for doubtful accounts. Accounts are considered past due if any portion of an account has not been paid in full within the contractual terms of the account. SD1 begins to assess its ability to collect receivables that are over 90 days past due and provides for an adequate allowance for doubtful accounts based on the SD1's collection history, the financial stability and recent payment history of the customer, and other pertinent factors. Based on these criteria, the SD1 has estimated no allowance for doubtful accounts at June 30, 2015 and 2014 because management expects no material losses.

Capital Assets

Capital assets are recorded as expenditures at the time of purchase or construction and are capitalized annually, at cost, in the capital asset accounts. These accounts have been adjusted each year for additions and deletions. Depreciation of capital assets was not recognized by SD1 prior to July 31, 1979; however, SD1 established accumulated depreciation allowances for depreciable assets as of August 1, 1979. The book values of capital assets are currently depreciated on a straight-line basis at rates comparable to those acceptable for waste water utilities. SD1 has developed a property control system and maintains detailed records on all capital assets. To be capitalized, assets must be individual items with at least a three year useful life and a cost of \$2,500 or greater.

The depreciable life for each asset type is as follows:

<u>Asset Type</u>	<u>Depreciable Life (Years)</u>
Computer equipment/software	3
Vehicles	5
Furniture, small equipment	10
Pump station equipment	10
Treatment and disposal equipment	35
Storm water assets	25-50
Collection system	50
Buildings	50

SANITATION DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2015 and 2014

The following tables provide a summary of capital asset balances, additions, and retirements for the year ended June 30, 2015 for both the Sanitation and the Storm Water funds:

Sanitation Fund

Capital Asset	Balance at June 30, 2014	Additions	Retirements	Balance at June 30, 2015

Compensated Absences

Employees of SD1 are entitled to paid vacation depending on length of service and other factors. The amounts recorded for as compensated absences for accumulated vacation for the year ended June 30, 2015 and 2014 was \$879,354 and \$952,469, respectively. This represents a change in liability for compensated absences of (\$73,115) from 2014 to 2015. Financial Accounting Standards Board Statement No. 43 requires accrued employee vacation benefits to be recorded in the financial statements. Sick leave is not accrued because it does not vest; employees are not paid for any sick leave balance at termination of employment except at retirement.

Restricted Net Assets

In conformity with the Uniform System of Accounts for Class A Sewer Utilities and the Trust Indenture dated April 1, 1998, the balance of accounts restricted for specific purposes have been segregated as restricted net assets.

NOTE 3 – NOTES RECEIVABLE

Assessments and Improvement Notes

SD1 has, at the request of homeowners, extended sanitary sewer service into existing areas for which there was no previous service. SD1 paid the initial cost of this construction, and assessed the

SANITATION DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2015 and 2014

homeowners to recover the cost of construction. The following is a schedule of assessments and improvements outstanding to SD1 at June 30, 2015 and 2014, respectively.

	2015	2014
Assessments	\$ 1,470,191	\$ 1,555,201
Improvement notes	5,130	5,130
Total	<u>\$ 1,475,321</u>	<u>\$ 1,560,331</u>

NOTE 4 – BONDS PAYABLE

Recovery Zone Economic Development Bonds, Series 2010D

On December 28, 2010, bonds in the total amount of \$40,905,000 were issued under authority of applicable Kentucky Revised Statutes and in accordance with authorized bond resolutions duly passed and adopted by the Board of Directors of Sanitation District No. 1. Balances outstanding as of June 30, 2015 and 2014 were \$40,905,000 and \$40,905,000, respectively. These bonds qualify for a federal reimbursement of interest expense between 43-45% of the bi-annual interest expense. The first principal payment will not be made until 2025.

The proceeds from the sale of the Series 2010D Bonds, together with other available funds, were used to (1) provide funds to meet certain capital construction costs of SD1, (2) fund the Debt Service Reserve Fund, and (3) pay the necessary costs and expenses incident to the issuance and delivery of the Series 2010D Bonds.

Build America Bonds, Series 2010C

On December 28, 2010, bonds in the total amount of \$19,600,000 were issued under authority of applicable Kentucky Revised Statutes and in accordance with authorized bond resolutions duly passed and adopted by the Board of Directors of Sanitation District No. 1. Balances outstanding as of June 30, 2015 and 2014 were \$14,060,000 and \$15,465,000, respectively. These bonds qualify for a federal reimbursement of interest expense of 35% of the bi-annual interest expense.

The proceeds from the sale of the Series 2010C Bonds, together with other available funds, were used to (1) provide funds to meet certain capital construction costs of SD1, (2) fund the Debt Service Reserve Fund, and (3) pay the necessary costs and expenses incident to the issuance and delivery of the Series 2010C Bonds.

Refunding Bonds, Series 2010B

On September 23, 2010, bonds in the total amount of \$42,310,000 were issued under authority of applicable Kentucky Revised Statutes and in accordance with authorized bond resolutions duly passed and adopted by the Board of Directors of Sanitation District No. 1. Balances outstanding as of June 30, 2015 and 2014 were \$37,185,000 and \$38,815,000, respectively.

The proceeds from the sale of the Series 2010B Bonds, were used to defease \$42,250,000 of the 2001A Bonds and to pay the necessary costs and expenses incident to the issuance and delivery of the Series 2010B Bonds.

SANITATION DISTRICT NO. 1 NOTES TO THE FINANCIAL STATEMENTS June 30, 2015 and 2014

Revenue Bonds, Series 2010A

On May 1, 2010, bonds in the total amount of \$75,000,000 were issued under authority of applicable Kentucky Revised Statutes and in accordance with authorized bond resolutions duly passed and adopted by the Board of Directors of Sanitation District No. 1. Balances outstanding as of June 30, 2015 and 2014 were \$68,405,000 and \$70,090,000, respectively. These bonds qualify for a federal reimbursement of interest expense of 35% of the bi-annual interest expense.

The proceeds from the sale of the Series 2010A Bonds, together with other available funds, were used to (1) provide funds to meet certain capital construction costs of SD1, (2) fund the Debt Service Reserve Fund, and (3) pay the necessary costs and expenses incident to the issuance and delivery of the Series 2010A Bonds.

Revenue Bonds, Series 2009

On August 1, 2009, revenue bonds in the total amount of \$54,880,000 were issued under authority of applicable Kentucky Revised Statutes and in accordance with authorized bond resolutions duly passed and adopted by the Board of Directors of Sanitation District No. 1. Balances outstanding as of June 30, 2015 and 2014 were \$49,260,000 and \$50,430,000, respectively. These bonds qualify for a federal reimbursement of interest expense of 35% of the bi-annual interest expense.

The proceeds for the sale of the Series 2009 Bonds, together with other available funds, are being used (1) to provide funds to meet certain capital construction costs of SD1, (2) to fund the Debt Service Reserve Fund, and (3) to pay the necessary costs and expenses incident to the issuance and delivery of the Series 2009 Bonds.

Revenue Bonds, Series 2007

On December 1, 2007, bonds in the total amount of \$102,000,000 were issued under authority of applicable Kentucky Revised Statutes and in accordance with authorized bond resolutions duly passed and adopted by the Board of Directors of Sanitation District No. 1. Balances outstanding as of June 30, 2015 and 2014 were \$94,475,000 and \$95,745,000, respectively.

The proceeds from the sale of the Series 2007 Bonds, together with other available funds, were used to (1) provide funds to meet certain capital construction costs of SD1, (2) fund the Debt Service Reserve Fund, and (3) pay the necessary costs and expenses incident to the issuance and delivery of the Series 2007 Bonds.

Revenue Bonds, Series 2006

In October 2006, bonds in the total amount of \$50,000,000 were issued under authority of applicable Kentucky Revised Statutes and in accordance with authorized bond resolutions duly passed and adopted by the Board of Directors of Sanitation District No. 1. Balances outstanding as of June 30, 2015 and 2014 were \$43,025,000 and \$44,145,000, respectively.

The proceeds from the sale of the Series 2006 Bonds, together with other available funds, were used to (1) provide funds to meet certain capital construction costs of SD1, (2) fund the Debt Service Reserve Fund, and (3) pay the necessary costs and expenses incident to the issuance and delivery of the Series 2006 Bonds.

SANITATION DISTRICT NO. 1 NOTES TO THE FINANCIAL STATEMENTS June 30, 2015 and 2014

Revenue Bonds, Series 2005A

In June 2005, bonds in the total amount of \$35,175,000 were issued under authority of applicable Kentucky Revised Statutes and in accordance with authorized bond resolutions duly passed and adopted by the Board of Directors of Sanitation District No. 1. Balances outstanding as of June 30, 2015 and 2014 were \$15,400,000 and \$18,890,000, respectively.

The proceeds from the sale of the Series 2005A Bonds, together with other available funds, were used to (1) advance refund a portion of the outstanding Series 1998A bonds (being the Series 1998A Bonds maturing on August 1 in the years 2009 through 2018) and (2) pay the necessary costs and expenses incident to the issuance and delivery of the Series 2005A Bonds.

The changes in outstanding bond debt for the year ended June 30, 2015 were:

Bond Series	Balance at June 30, 2014	Additions	Payments	Balance at June 30, 2015
2005A	\$ 18,890,000	\$ -	\$ (3,490,000)	\$ 15,400,000
2006	44,145,000	-	(1,120,000)	43,025,000
2007	95,745,000	-	(1,270,000)	94,475,000
2009	50,430,000	-	(1,170,000)	49,260,000
2010A	70,090,000	-	(1,685,000)	68,405,000
2010B	38,815,000	-	(1,630,000)	37,185,000
2010C	15,465,000	-	(1,405,000)	14,060,000
2010D	40,905,000	-	-	40,905,000
Totals	<u>\$ 374,485,000</u>	<u>\$ -</u>	<u>\$ (11,770,000)</u>	<u>\$ 362,715,000</u>

Interest rates range from 4.0% to 5.0% on all bonds.

The debt service to maturity for Revenue/Refunding Bonds Payable, Series 2005A, 2006, 2007, 2009, 2010A, 2010B, 2010C, and 2010D is as follows:

Year ending June 30,	Principal	Interest	Total
2016	\$ 12,140,000	\$ 18,229,067	\$ 30,369,067
2017	12,545,000	17,769,846	30,314,846
2018	12,980,000	17,275,032	30,255,032
2019	13,445,000	16,739,159	30,184,159
2020	11,000,000	16,219,681	27,219,681
2021-2025	61,940,000	72,820,053	134,760,053
2026-2030	76,115,000	55,934,998	132,049,998
2031-2035	84,050,000	34,604,235	118,654,235
2036-2040	71,340,000	11,697,618	83,037,618

Total	<u>\$ 362,715,000</u>	<u>\$ 261,514,220</u>	<u>\$ 624,229,220</u>

All bonds are secured by SD1 assets or future SD1 revenues.

SANITATION DISTRICT NO. 1 NOTES TO THE FINANCIAL STATEMENTS June 30, 2015 and 2014

NOTE 5 – NOTES PAYABLE

Eastern Regional Waste Water Reclamation Facility

SD1 partnered with the Kentucky Infrastructure Authority to fund construction of the Eastern Regional Wastewater Reclamation Facility (ERWRF). This Kentucky Infrastructure Authority Loan bears an interest rate of 3.0% with interest-only payments due until completion, with final maturity due 20 years after completion. Construction on the plant was complete in June 2008. The outstanding loan balances at June 30, 2015 and 2014 were \$22,390,357 and \$23,847,061, respectively.

Western Regional Waste Water Reclamation Facility

During the year ended June 30, 2009, SD1 partnered with the Kentucky Infrastructure Authority to fund construction of the Western Regional Wastewater Reclamation Facility (WRWRF). This Kentucky Infrastructure Authority Loan bears an interest rate of 1.0% with interest-only payments due until completion, with final maturity due 20 years after completion. Construction on the plant began in February 2009 and was completed in fiscal year 2012. The outstanding loan balances at June 30, 2015 and 2014 were \$63,069,540 and \$66,252,349, respectively.

Dry Creek Waste Water Treatment Plant

During fiscal years 2011 and 2010, SD1 secured funding from KIA for a new clarifier at the Dry Creek Plant Treatment Plant. These funds are drawn as part of KIA Revolving Loan Fund and carry a 2.0% interest rate and 20 year maturity. The outstanding loan balances at June 30, 2015 and 2014 were \$4,197,993 and \$4,410,802, respectively.

Sunnybrook Sewer System

During fiscal year 2011, SD1 secured funding from KIA for new sewer lines. These funds are drawn as part of KIA Revolving Loan Fund and carry a 2.0% interest rate and 20 year maturity. The outstanding loan balances at June 30, 2015 and 2014 were \$4,413,642 and \$4,654,327, respectively.

Southfork Gunpowder Creek

During fiscal year 2011, SD1 secured funding from KIA for new sewer lines. These funds are drawn as part of KIA Revolving Loan Fund and carry a 2.0% interest rate and 20 year maturity. The outstanding loan balances at June 30, 2015 and 2014 were \$11,677,492 and \$12,211,636, respectively.

Frogtown Interceptor

During fiscal year 2011, SD1 secured funding from KIA for new sewer lines. These funds are drawn as part of KIA Revolving Loan Fund and carry a 2.0% interest rate and 20 year maturity. The outstanding loan balances at June 30, 2015 and 2014 were \$4,233,611 and \$4,433,847, respectively.

Turkeyfoot/Industrial Road

During fiscal year 2011, SD1 secured funding from KIA for new sewer lines. These funds are drawn as part of KIA Revolving Loan Fund and carry a 2.0% interest rate and 20 year maturity. The outstanding loan balances at June 30, 2015 and 2014 were \$1,970,825 and \$2,060,973, respectively.

SANITATION DISTRICT NO. 1 NOTES TO THE FINANCIAL STATEMENTS June 30, 2015 and 2014

Narrows Road Diversion

During fiscal year 2011, SD1 secured funding from KIA for new sewer lines. These funds are drawn as part of KIA Revolving Loan Fund and carry a 2.0% interest rate and 20 year maturity. The outstanding loan balances at June 30, 2015 and 2014 were \$7,398,918 and \$7,737,355, respectively.

Dry Creek Head Works/Hydraulics

During fiscal year 2012, SD1 secured funding from KIA for headwork/hydraulics reconfiguration at the Dry Creek Wastewater Treatment Plant. These funds are drawn as part of KIA Revolving Loan Fund and carry a 2.0% interest rate and 20 year maturity. The outstanding loan balances at June 30, 2015 and 2014 were \$15,332,284 and \$15,989,713, respectively.

Lakeview, Kentucky Aire, Church Street

During fiscal year 2013, SD1 secured funding from KIA for combined sewer overflow reduction, pump station elimination and pump station replacement. These funds are drawn as part of KIA Revolving Loan Fund and carry a 2.0% interest rate and 20 year maturity. The outstanding loan balances at June 30, 2015 and 2014 were \$9,686,902 and \$8,166,202, respectively.

Lakeside Park, Vernon Lane

During fiscal year 2013, SD1 secured funding from KIA for Lakeside Park sewer rehabilitation and Vernon Lane removal of sewer inflow and infiltration. These funds are drawn as part of KIA Revolving Loan Fund and carry a 2.0% interest rate and 20 year maturity. The outstanding loan balances at June 30, 2015 and 2014 were \$1,104,022 and \$1,104,022, respectively.

Wolpert Force Main

During fiscal year 2013, SD1 secured funding from KIA for the Wolpert pump station rehabilitation and force main project. These funds are drawn as part of KIA Revolving Loan Fund and carry a 2.0% interest rate and 20 year maturity. The outstanding loan balances at June 30, 2015 and 2014 were \$762,971 and \$799,057, respectively.

Patton & 8th Street Wet Well Rehabilitation

During fiscal year 2015, SD1 secured funding from KIA for the Patton & 8th Street Wet Well Rehabilitation project. These funds are drawn as part of KIA Revolving Loan Fund and carry a 2.0% interest rate and 20 year maturity. The outstanding loan balance at June 30, 2015 was \$63,599.

American Recovery and Reinvestment Act – Minor Infrastructure Improvements

During fiscal years 2011 and 2010, SD1 secured funding from KIA, as part of the federal government's American Recovery and Reinvestment Act, for several smaller infrastructure improvement projects. These projects are funded based upon 52.1% principal forgiveness, and a 2.0% interest rate and a 20 year maturity. The projects include the Banklick wetlands project, the regional bio-retention facility, the Banklick Creek stabilization project, and the terraced reforestation of an interstate right-of-way. The outstanding loan balances at June 30, 2015 and 2014 were \$1,658,852 and \$1,744,029, respectively.

SANITATION DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2015 and 2014

The changes in outstanding Kentucky Infrastructure Authority debt for the year ended June 30, 2015 were as follows:

Project	Balance at June 30, 2014	Additions	Payments	Balance at June 30, 2015

The debt service to maturities for the sixteen KIA Notes Payable, with drawn balances outstanding at June 30, 2015 only, is as follows:

Year ending June 30,	Principal	Interest & Fees	Total
2016	\$ 7,598,521	\$ 2,760,984	\$ 10,359,505
2017	7,734,692	2,662,604	10,397,296
2018	7,873,749	2,512,152	10,385,901
2019	8,015,760	2,358,583	10,374,343
2020	8,160,797	2,201,821	10,362,618
2021-2025	43,090,611	8,540,612	51,631,223
2026-2030	41,646,618	4,114,733	45,761,351
2031-2034	23,840,260	837,214	24,677,474
Totals	<u>\$ 147,961,008</u>	<u>\$ 25,988,703</u>	<u>\$ 173,949,711</u>

All KIA notes are secured by SD1 assets or future SD1 revenues.

NOTE 6 – INTERFUND BALANCES

In fiscal year 2015, the sanitation fund transferred \$14,313,219 in cash to the stormwater fund to establish a cash balance in the stormwater fund. This was the balance that had been held as payable to the stormwater fund in the year ending June 30, 2014. At June 30, 2015 and 2014 the balances payable from the sanitation fund to the stormwater fund were \$0 and \$14,313,219, respectively.

SANITATION DISTRICT NO. 1 NOTES TO THE FINANCIAL STATEMENTS June 30, 2015 and 2014

NOTE 7 – PENSION PLAN

SD1 participates in the County Employees' Retirement System of Kentucky ("Plan"). The Plan is a cost-sharing, multi-employer public retirement plan created by and operating under Kentucky law. It is a defined benefit plan that covers substantially all regular employees of SD1.

The County Employees Retirement System covers substantially all regular non-certified full-time employees of each county, school board, and any additional local agencies electing to participate. The Plan provides for retirement, disability and death benefits.

Participating non-hazardous employees contribute 5% (8% for hazardous duty employees) of their creditable compensation. Employer contribution rates are intended to fund the normal cost on a current basis plus 1% of un-funded past service costs per annum plus interest at the actuarial assumed rate. Such contribution rates are determined by the Board of Trustees of Kentucky Retirement Systems each biennium.

Contributions

SD1 contributed 17.67% of the non-hazardous duty employee's compensation during the fiscal year ended June 30, 2015. SD1 made all required contributions for the Plan pension obligation for the fiscal year ended June 30, 2015 in the amount of \$2,351,423.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At June 30, 2015, SD1 reported a liability of \$18,320,686 its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. SD1's proportion of the net pension liability was based on a projection of SD1's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, actuarially determined. At June 30, 2014, SD1's employer allocation proportion was 0.564690% of the total CERS non-hazardous duty employees. For the year ended June 30, 2015, SD1 recognized pension expense of \$2,351,423. At June 30, 2015, SD1 reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflow of Resources</u>	<u>Deferred Inflow of Resources</u>
Differences between expected and actual experience	\$ -	\$ -
Net difference between projected and actual earnings on plan investments	-	2,045,032
Changes of assumptions	-	-
Changes in proportion and differences between SD1 contributions and proportionate share of contributions	-	-
SD1 contributions subsequent to the measurement date	2,351,423	-
Total	<u>\$ 2,351,423</u>	<u>\$ 2,045,032</u>

SANITATION DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2015 and 2014

The Schedule of Deferred Inflows and Outflows, and Pension Expense include only certain categories of deferred outflows of resources and deferred inflows of resources. These include differences between expected and actual experience, changes of assumptions and differences between projected and actual earnings on plan investments. The schedule does not include deferred outflows/inflows of resources for changes in the employer's proportionate share of contributions or employer contributions made subsequent to the measurement date. The net pension liability as of June 30, 2015, is based on the June 30, 2014, actuarial valuation for the first year of implementation. As a result, there are no differences between expected and actual experience and changes in assumptions subject to amortization. Deferred outflows and inflows related to differences between projected and actual earnings on plan investments are netted and amortized over a closed five year period.

The \$2,351,423 of deferred outflows of resources resulting from SD1's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in pension expense as follows:

Fiscal Year Ending June 30,	Net Deferral
2016	\$ 409,006
2017	409,006
2018	409,006
2019	409,007
2020	409,007
	\$ 2,045,032

Actuarial Assumptions

The total pension liability in the June 30, 2014 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Valuation Date	June 30, 2014
Experience Study	July 1, 2005 – June 30, 2008
Actuarial Cost Method	Entry Age Normal
Amortization Method	Level percentage of payroll, closed
Remaining Amortization Period	30 years
Asset Valuation Method	5-year smoothed market
Inflation	3.5%
Salary Increase	4.5%, average, including inflation
Investment Rate of Return	7.75%, net of pension plan expense, including inflation

Mortality rates were based on the 1983 Group Annuity Mortality Table for all retired members and beneficiaries as of June 30, 2006 and the 1994 Group Annuity Mortality Table for all other members. The Group Annuity Mortality Table set forward five years is used for the period after disability retirement.

The long-term expected return on plan assets is reviewed as part of the regular experience studies prepared every five years for CERS. The most recent analysis, performed for the period covering fiscal years 2005 through 2008, is outlined in a report dated August 25, 2009. Several factors are considered in evaluating the long-term rate of return assumption including long term historical data, estimates inherent in current market data, and a log- normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense, and inflation) were

SANITATION DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2015 and 2014

developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years. The target allocation and best estimates of nominal real rates of return for each major asset class are summarized in the following table:

Asset Class	CERS Non-Hazardous Target Allocation	Long Term Expected Nominal Return
Domestic equity	30%	8.5%
International equity	22%	8.9%
Emerging market equity	5%	10.5%
Private equity	7%	11.3%
Real estate	5%	7.0%
Core US fixed income	10%	5.3%
HY US fixed income	5%	7.3%
Non US fixed income	5%	5.5%
Commodities	5%	7.8%
TIPS	5%	5.0%
Cash	1%	3.3%
Total	100%	

Discount Rate

The discount rate used to measure the total pension liability was 7.75%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at statutory contribution rates. Projected inflows from investment earnings were calculated using the long-term assumed investment return of 7.75%. The long-term assumed investment rate of return was applied to all periods of projected of benefit payments to determine the total pension liability.

Sensitivity of SD1's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents SD1's proportionate share of the net pension liability calculated using the discount rate of 7.75 percent, as well as what SD1's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.75 percent) or 1-percentage-point higher (8.75 percent) than the current rate:

	Discount Rate	Proportionate Share of Net Pension Liability
1% decrease	6.75%	\$ 24,108,796
Current discount rate	7.75%	18,320,686
1% increase	8.75%	13,206,753

SANITATION DISTRICT NO. 1
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2015 and 2014

Plan Fiduciary Net Position

The Plan issues a publicly available financial report that includes financial statements and required supplementary information, and detailed information about the Plan's fiduciary net position. The report may be obtained in writing from the County Employee Retirement System, 1260 Louisville Road, Perimeter Park West, Frankfort, Kentucky, 40601.

NOTE 8 – LESSOR AGREEMENT

On July 1, 2007, SD1 renewed its agreement to lease 15,000 square feet of its building to the Kenton County Board of Education. The original agreed-upon term of the lease was July 1, 2007 until July 1, 2012. There was an option to renew at the end of the full term for an additional five years. The Board of Education did renew its lease with SD1 for a period from July 1, 2012 to June 30, 2017. Future minimum rentals to be received are as follows:

<u>Year ending June 30,</u>	<u>Lease Revenue</u>
2016	\$ 136,592
2017	140,689
Totals	<u>\$ 277,281</u>

NOTE 9 – REIMBURSEMENT COMMITMENTS

SD1 has entered into interlocal agreements, whereby cities can apply for reimbursement of qualified expenses incurred to accomplish required storm water improvements. There were 13 additional projects approved for funding in the amount of \$762,629 as of June 30, 2015 compared to 10 additional projects approved for funding in the amount of \$577,446 as of June 30, 2014.

SD1 has also partnered with communities, organizations, and businesses to increase the utilization of "green infrastructure". Through Green Initiative Project Partnerships (GrIPP), SD1 expended \$0 and \$98,058 in the years ended June 30, 2015 and 2014, respectively.

NOTE 10 – ECONOMIC DEPENDENCY

SD1 receives all of its service revenues from customers in the three northern counties of Kentucky and is not dependent upon one customer, industry, or commercial user.

NOTE 11 – CONTINGENCIES

Effective June 22, 1999, the Board of Directors approved a resolution to indemnify each officer and director all expenses incurred in connection with their performance of duties and responsibilities associated with their membership with SD1. This includes claims not covered by SD1's Directors and Officers Errors and Omissions Liability Insurance. SD1 offers a Health Reimbursement Account to full time eligible employees for out of pocket healthcare costs. SD1 annually credits various amounts to the accounts of eligible employees based on their participation in wellness programs. Once credited, the contributions become available for participants for uses allowed by the plan during their employment and retirement. Unspent balances are available to participants for allowable expenditures unless they cease employment with SD1 before their normal retirement date. Accordingly, a liability of \$491,838 and \$489,022 have been recorded in the accompanying financial statements which are management's estimate of the unspent balances as of June 30, 2015 and 2014, respectively, that is likely to be paid in future periods.

SANITATION DISTRICT NO. 1 NOTES TO THE FINANCIAL STATEMENTS June 30, 2015 and 2014

NOTE 12 – LITIGATION

In October 2005, SD1 announced that it had reached a comprehensive settlement with the Kentucky Environmental and Public Protection Cabinet and the U.S. Environmental Protection Agency (EPA) to address sewer overflows and improve water quality in Northern Kentucky. The settlement is contained in a Consent Decree, which was logged with the U.S. District Court for the Eastern District of Kentucky on October 7, 2005. The Consent Decree establishes a 20-year plan to address combined sewer overflows (CSOs) consistent with U.S. EPA's 1994 CSO control policy, and separate sanitary sewer overflows (SSOs) consistent with the Clean Water Act. SD1 will implement the requirements of the Decree through a unique watershed approach, which will allow SD1 to comprehensively assess the cumulative impacts of all pollution sources on receiving waters. This holistic approach will lead to more efficient and cost-effective solutions for the improvement of water quality. The Consent Decree required SD1 to pay a civil penalty in the amount of \$476,400, which was paid during the year ended June 30, 2006, and to expend \$636,000 for supplemental environmental projects. It is estimated that full implementation of the Decree will cost approximately \$1.3 billion over the next 20 years. The Consent Decree was entered by the Court in April 2007 and is final and binding upon all parties.

SD1 is the defendant in 13 separate lawsuits relating to matters arising in the normal course of business. SD1 intends to aggressively defend each of these suits, and financial contingencies that could be awarded in 12 of the lawsuits are covered, at least in part, by SD1's insurance company.

SD1 is a party to a wrongful termination suit where petitioner has made claims of retaliatory constructive discharge, intentional infliction of emotional distress, and violation of the Kentucky Whistleblower Act. The court has ruled in favor of SD1 and the case is currently under appeal.

SD1 is a party to a breach of contract suit involving two other parties in the construction of a storm water pipe as part of a development project in the City of Dayton, Kentucky. Motion to dismiss has been granted to SD1 and the appeals court affirmed the decision. The case is now pending review by the Kentucky Supreme Court.

On August 26, 2009, two individuals challenged the Kentucky Pollutant Discharge Elimination System permit issued by the Kentucky Division of Water for SD1's new Western Regional Wastewater Reclamation Facility (WRWRF). The KPDES permit was issued July 22, 2009, and authorizes the discharge of wastewater from the WRWRF to the Ohio River. Petitioners contend that the permit is not sufficiently protective of water quality and, therefore, more stringent limitations should be imposed in the permit, including limitations for nitrogen and phosphorus, which are not currently limited. The Secretary of the Kentucky Energy and Environment Cabinet issued a Final Order upholding the KPDES permit in its entirety. SD1 and the Energy and Environment Cabinet are vigorously defending the Secretary's Final Order before the court of appeals. If Petitioners prevail, additional treatment processes could be required to be installed and operated at the WRWRF, which could cost over \$50 million.

The owner of a shopping center development has claimed that storm water lines running through its property should be maintained by SD1. SD1 has denied this claim and the shopping center owner has filed suit in Campbell County Circuit court. The precedent set by a judgment against SD1 in this case could potentially result in significant financial contingencies against SD1 in the future.

Property owners in Covington, Kentucky, along with the insurers for the Covington Independent School District have filed a punitive class action suit against SD1 asserting claims of negligence, inverse condemnation, trespass, and nuisance arising from flooding which occurred as a result of two significant

SANITATION DISTRICT NO. 1 NOTES TO THE FINANCIAL STATEMENTS June 30, 2015 and 2014

rainfall events in July of 2010. The plaintiffs seek class certification, compensatory damages, and injunctive relief.

A Campbell County resident has filed a putative class action suit challenging the legality of the FY 2012 and 2013 sewerage and stormwater rates approved by SD1 and Judge Executives of Boone, Campbell, and Kenton Counties, in which he claims that the adoption of rates did not comply with KRS 220.542. The resident seeks declaratory judgment that the rates were illegal and injunctive relief in the form of refunds for rates billed in excess of the lawful rate.

SD1 also has several other claims against it which involve sewer backups, odor control, and minor property damages.

In addition, SD has several collections claims filed against individual customers who have, in turn, filed counter claims against SD1.

NOTE 13 – INSURANCE IN FORCE

SD1 has the following insurance policies in force during fiscal years 2015 and 2014:

Type of Coverage	Amount of Coverage	
	2015	2014
Property- Buildings, pump stations, machinery	\$ 313,804,365	\$ 304,664,438
Earthquake	50,000,000	50,000,000
Equipment breakdown	50,000,000	50,000,000
Flood	50,000,000	50,000,000
Vehicles	26,000,000	26,000,000
Environmental impairment	25,000,000	25,000,000
Public entity management liability	26,000,000	26,000,000
General liability, aggregate	26,000,000	26,000,000

Telecommunications-equipment	467,814	444,714
Electronic vandalism	100,000	100,000
Telecommunications-tower	89,600	80,000
Public official bonds (per board member)	-	50,000

SANITATION DISTRICT NO. 1 NOTES TO THE FINANCIAL STATEMENTS June 30, 2015 and 2014

NOTE 14 – RECLASSIFICATION IN PRIOR YEAR STATEMENTS

SD1 management has recorded a net adjustment to the net position of (\$18,283,067) at June 30, 2014. This adjustment accounts for the estimated net pension liability at June 30, 2014 (measured at June 30, 2013), and is being recorded in accordance with Government Accounting Standards Board Statement No. 68.

In August 2013, SD1 entered into a new contract for banking and retail lockbox services with the Bank of Kentucky (now BB&T), transferring this service from Huntington Bank, which had been SD1's banking partner for over 20 years. Upon transferring funds from Huntington Bank, a discrepancy in the amount of \$234,811 was discovered between SD1's seven sub accounts and Huntington's concentration account (where all sub account funds were swept into on a daily basis) ending balance. After extensive research and review of available banking records and a comprehensive review by forensic auditors reviewing both SD1 and Huntington Bank records, SD1 confirmed that all daily transactions had been accounted for, and agreed with the balances reported on the daily liquidity report provided by Huntington Bank as far back as July 1, 2004. SD1 and Huntington Bank are in agreement the discrepancy occurred prior to July 1, 2004. Given the statute of limitation on records retention, neither SD1 nor Huntington Bank has banking records before 2004. Since neither entity can prove culpability, SD1 management decided during fiscal year 2015 to write off the entire \$234,811 balance. A prior period adjustment has been made to the June 30, 2014 financial statements to account for this cash write-off.

NOTE 15 – SUBSEQUENT EVENTS

Management has evaluated events through November 20, 2015, the date on which the financial statements were available for issue. Sanitation District No. 1 did not have any events subsequent to June 30, 2015 through November 20, 2015 to disclose.

SANITATION DISTRICT NO. 1 NOTES TO THE SUPPLEMENTARY INFORMATION June 30, 2015

NOTE 1 – SUPPLEMENTARY INFORMATION

The accompanying summary information of Sanitation District No. 1, as of and for the years ended June 30, 2015 and 2014, as listed in the table of contents is not a presentation in conformity with accounting principles generally accepted in the United States of America.

NOTE 2 – SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

The basis of presentation of the Schedule of Expenditures of Federal Awards is the modified accrual basis of accounting.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS**

**Members of the Board of Directors
Sanitation District No.1**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities and each major fund of the Sanitation District No.1 (SD1), as of and for the years ended June 30, 2015 and 2014, and the related notes to the financial statements which collectively comprise Sanitation District No.1's financial statements, and have issued our report thereon dated November 20, 2015.

Internal Control over Financial Reporting

In planning and performing our audits of the financial statements, we considered Sanitation District No.1's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Sanitation District No.1's internal control. Accordingly, we do not express an opinion on the effectiveness of Sanitation District No.1's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This Page Intentionally Left Blank

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Sanitation District No.1's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audits, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

**Members of the Board of Directors
Sanitation District No.1**

Report on Compliance for Each Major Federal Program

We have audited Sanitation District No.1's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Sanitation District No.1's major federal programs for the year ended June 30, 2015. Sanitation District No.1's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Sanitation District No.1's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Sanitation District No.1's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Sanitation District No.1's compliance.

Opinion on Each Major Federal Program

In our opinion, Sanitation District No.1 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

This Page Intentionally Left Blank

Report on Internal Control Over Compliance

Management of Sanitation District No.1 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Sanitation District No.1's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Sanitation District No.1's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

STATISTICAL SECTION

STATISTICAL SECTION

This section of Sanitation District No. 1's (SD1) comprehensive annual financial report presents detailed historical and economic information as a supplement to the information presented in the financial statements and note disclosures to assist readers in assessing SD1's overall financial health.

<u>CONTENTS:</u>	<u>PAGE</u>
<i>Financial Trends:</i>	86-92
These schedules contain trend information to help readers understand how SD1's financial performance and position have changed over time.	
<i>Revenue Capacity:</i>	93-98
These schedules contain information to help readers assess SD1's most significant revenue sources.	
<i>Debt Service Coverage:</i>	99-101
These schedules present information to help readers assess SD1's current level of outstanding debt and SD1's ability to issue additional debt in the future.	
<i>Demographic and Economic Information:</i>	102-106
These schedules provide information about the environment in which SD1 operates.	
<i>Operating Information:</i>	107-108
These schedules contain operating information related to SD1's infrastructure, assets and services provided.	

Sources: Unless otherwise noted, the information in these statistical schedules is from the annual financial reports for the relevant years.

Effective with Fiscal Year 2010 SD1 switched from a quarterly billing to a monthly billing.

(1) Based on monthly metered water usage

(2) **Winter Factor** billing - Based on metered water usage during the months of November through February only.

Note: Amounts based on Sewer Charges and/or Surcharges billed to the Companies. All invoiced amounts for the companies listed are considered Special Billings and are billed quarterly outside the Utility Billing System.

<u>Company Name</u>	<u>Type of Business</u>	<u>Company Name</u>	<u>Type of Business</u>
A. Camacho Inc.	Porcini and olive packaging plan. No longer in business locally.	L'Oreal USA Florence	Produces shampoos, conditioners & styling products
A.O. Smith	Protective coatings for appliances, automotive and metallurgical markets division.	Louis Trauth Dairy	Full line dairy processor. No longer in business locally.
Amer/Pride-WPS Energy Service	Uniforms, towels and linen sales, rentals and services. Restroom and floor care products.	Lyons-Magnus	Develops and markets quality juices and food products.
Aristech Acrylics LLC	Produces continuous cast acrylic sheet products for solid surface bath, marine and funeral industry.	Messier Bugatti / A. Carb, LLC	Aircraft wheels and carbon brakes facility.
Boge Rubber & Plastics	Lightweight Auto Components Producer.	Northern KY University	Metropolitan State University with more than 16,000 Students
Bluegrass Quality Meats	Deli meats and packaged meats plant.	Northern KY Water District	Water supply Utility for Kenton and Campbell Counties.
Cabot Industrial Prop LLP	Immudyne - Biotechnology company specializing in scientifically formulated dietary supplements and skin care products.	Sara Lee Foods	Meat and meat products processor.
Camco Chemical Company	Contract packaging and chemical manufacturer.	Savannah Foods & Industries	Bulk sugar refinery.
Club Chef	Producer of fresh cut produce.	Signode Plastic Recycling	Manufacturer and distributor of protective packaging systems.
Domino's National Comm.	Domino's pizza dough distribution center.	St. Elizabeth Medical Center	General medicine and surgical hospital.
Duro Paper Bag	Largest paper bag manufacturer in the world/	Tastemaker	Givaudan Flavors - Swiss manufacturer of flavorings and fragrances.
Emerald Industries, Inc.	Kellogg's - Cookie and cracker manufacturer.	Tressa Inc.	Hair care product manufacturing including shampoos.
Environmental Services Inc.	Ulta Environmental Service Inc. - Liquid waste collection and disposal.	Turfway Park	Thoroughbred horse racing track.
Globel Supply Chain	Schwan's - Produces Freshcetta pizza products.	Van Melle USA, Inc.	Perfetti Van Melle-Manufactures variety of confectionery items including flavored gums and Airheads brand fruit chews
Highway Transport Chemical LLC	Tanker truck washing facility.	White Castle Distributing, Inc.	Markets and distributes frozen and microwavable hamburgers.
IOFINA Chemical Inc.	Production of iodine, iodine specialty chemical derivatives, produced water and natural gas.	Wild Flavors, Inc.	Produces natural flavors and ingredients for the beverage industry.
Kenton County Airport	Greater Cincinnati Northern Kentucky International Airport (CVG).
