INDEPENDENT AUDITOR'S REPORT

Members of the Board of Health
Livingston County Public Health
Taxing District
Smithland, Kentucky

Report on the Financial Statements

I have audited the accompanying cash basis financial statements of the governmental activities of the Livingston County Public Health Taxing District as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective cash basis financial position of the governmental activities of the Livingston County Public Health Taxing District as of June 30, 2015, and the respective changes in cash basis financial position for the year then ended, in accordance with the cash basis of accounting described in Note 1.

Basis of Accounting

I draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. My opinions are not modified with respect to that matter.

Disclaimer of Opinion on Other Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Livingston County Public Health Taxing District's basic financial statements. The budgetary comparison information on page 8, which is responsibility of management, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, I do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, I have also issued my report dated October 26, 2015, on my consideration of the Livingston County Public Health Taxing District's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Livingston County Public Health Taxing District's internal control over financial reporting and compliance.

LIVINGSTON COUNTY PUBLIC HEALTH TAXING DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The Livingston County Public Health Taxing District was formed as a taxing district as provided in Kentucky Revised Statutes. The entity is a governmental unit and as such is exempt from income tax.

The following is a summary of the more significant policies:

1. Financial Reporting Entity

The District, for financial purposes, includes all of the funds relevant to the operations of the District.

2. Fund Accounting

The accounts of the District are organized on the basis of funds. The only fund type applicable to the District is the General Fund, which is the general operating fund of the District. It is used to account for all financial resources.

3. Property, Plant and Equipment

The accounting and reporting treatment applied to property, plant and equipment associated with a fund is determined by its measurement focus. All governmental fund types are accounted for on a spending “financial flow” measurement focus. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of “available spendable resources”. Governmental fund operating statements present increases (receipts) and decreases (disbursements) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

Property, plant and equipment used in governmental fund type operations are reported as cash disbursements on the statement of cash receipts and disbursements.

4. Basis of Accounting/Measurement Focus

Measurement focus is a term used to describe “which” transactions are recorded within the financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

The records of the Livingston County Public Health Taxing District are maintained on the cash basis of accounting, consequently certain revenue and related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. This is the accounting method prescribed by the Kentucky Cabinet for Health and Family Services, Department for Public Health. This cash basis system does not require the maintenance of a general fixed asset account group or general long-term debt group of accounts.

LIVINGSTON COUNTY PUBLIC HEALTH TAXING DISTRICT
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2015

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

5. Equity Classifications

Governmental fund equity is classified as fund balance and displayed in five components:

- a. Nonspendable fund balance includes amounts that are not in a spendable form or are required to be maintained intact indefinitely.
- b. Restricted fund balance includes amounts that can be spent only for the specific purpose stipulated by creditors, grantors, contributors, or laws or regulations of other governments.
- c. Committed fund balance includes amounts that can be used only for the specific purposes determined by the board through formal action. Commitments may be changed or lifted only by the board making the same formal action that imposed the constraint originally.
- d. Assigned fund balance comprises the amounts intended to be used for a specific purpose. Intent can be expressed by the board or the director. No formal action is required.
- e. Unassigned fund balance is the residual balance not contained in nonspendable, restricted, committed, or assigned fund balance.

When both restricted and unrestricted resources are available for use, the Board's policy is to use restricted resources first, then unrestricted resources as they are needed. Furthermore, committed fund balances are reduced first, followed by assigned amounts, and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications can be used.

6. Subsequent Events

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 26, 2015, the date financial statements were available to be issued.

NOTE 2 – PROPERTY TAXES:

The District's property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and personal property located in the District. Taxes are due and payable by December 31, with a discount offered for earlier payment. All unpaid taxes become delinquent January 1 of the following year. Taxes are collected by county fee officials and remitted to the District on a monthly basis.

NOTE 3 – RISK MANAGEMENT:

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; and errors and omissions. The District is covered for liability through a common policy with the Pennyrile District Health Department.

LIVINGSTON COUNTY PUBLIC HEALTH TAXING DISTRICT
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2015

NOTE 4 – CASH AND INVESTMENTS:

Custodial credit risk for deposits is the risk that in the event of a bank failure, the District's deposits may not be returned or the District will not be able to recover collateral securities in the possession of an outside party. The Board only authorizes deposits that are made in accordance with applicable legal requirements with consideration of deposit safety.

At June 30, 2015, the reported amount of the District's cash and investments was \$452,531.35 and the bank balance was \$452,531.35. Of the bank balance, \$406,616.76 was insured through FDIC and the remainder was uncollateralized and uninsured.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Members of the Board of Health
Livingston County Public Health
Taxing District
Smithland, Kentucky

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities of the Livingston County Public Health Taxing District, as of and for the year ended June 30, 2015, which collectively comprise the Livingston County Public Health Taxing District's basic financial statements, and have issued my report thereon dated October 26, 2015.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Livingston County Public Health Taxing District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Livingston County Public Health Taxing District's internal control. Accordingly, I do not express an opinion on the effectiveness of the Livingston County Public Health Taxing District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Livingston County Public Health Taxing District's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in dark ink, appearing to read "Kim Glavin". The signature is written in a cursive, flowing style.

MANAGEMENT LETTER

Members of the Board of Health
Livingston County Public Health
Taxing District
Smithland, Kentucky

In planning and performing my audit of the financial statements of the Livingston County Public Health Taxing District for the year ended June 30, 2015, I considered the District's internal control structure to determine my auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during my audit I became aware of a certain matter involving internal or accounting controls or compliance with laws, regulations, contracts, or grants. This matter is summarized below. A separate report dated October 26, 2015 contains my report on the District's internal control over financial reporting and on compliance and other matters. This letter does not affect my report dated October 26, 2015 on the financial statements of the Livingston County Public Health Taxing District.

- The amount of funds in the checking account at June 30, 2015 exceeded the amount covered by FDIC by \$45,914.59. The District should discuss obtaining a collateralization agreement with the bank in order to have all funds fully insured or collateralized.

I will review the status of this comment during my next audit engagement. I have already discussed this comment with District personnel. I will be pleased to discuss this in further detail at your convenience.

Benton, Kentucky
